

# Stability

In Wisconsin, you see it in the faces. Solid. Determined. Honest. Hardworking. It's the way we're raised. It's the way we live.

Since 1922, it's the way North Shore has conducted business. Strong. Safe. Solid. Dependable. A conservative, consistent history that assures you we'll be here with help and service as you build a better future. Federal Government insured safety and over \$54 million in reserves, twice the Federal requirements, make that a promise that's good for life!
